DPD 2-Liter Single 86680 (right)

Warranty

Server Products equipment is backed by a two-year limited warranty against defects in materials and workmanship. For our complete warranty statement, see our website or contact us.

Bid Description

The Dry Product Dispenser is a hopper system that accurately portions powders and other dry products. The dispenser allows portions from ¼ to 2 ounces (7 to 60 mL) by volume and is adjustable in ⅛ ounce (3.4 mL) increments. Suggestions for use include smoothie powders, iced coffee powders, mix-ins for blended ice cream drinks and cocktail powders.

Dry Product Dispensers are designed to be mounted side by side for a station of several products. Choose from 1 or 2 liter capacity models with a single, double or triple wall bracket. A double stand is available, to convert your double 1 or 2 liter model for countertop use.

A guideline for product use would be as long as it is consistent and not much bigger than ½ inch (1.3 cm) in diameter. Dissimilar products and those that tend to melt or stick together at room temperature such as crushed candy bars are not recommended. Very fine protein or malt powders may bridge as the hopper empties. The addition of our Free Flow Accessory should solve bridging while the Stir Paddle Accessory addresses irregular pieces such as cookie crumbles.

Standard Features

Durable, clear polycarbonate hopper shows off product
Accurately dispense dry products of a consistent material
Dispense between ¼ and 2 oz (7 and 60 mL) by volume
Adjust portions in ⅛ oz (3.4 mL) increments
No need to worry about accidental portion changes; disassembly is necessary for portion adjustment
Takes up just (5) linear inches (12.7 cm) of wall space & includes wall mount bracket

Condiment Dispenser Accessories

- ☐ Double Stand 86561
(for use with Double 86640 or 86690 models)
- ☐ Free Flow Accessory, 2 Liter Hopper 86625
- ☐ Free Flow Accessory, 1 Liter Hopper 86663
- ☐ Stir Paddle Accessory, 2 Liter Hopper 86596
- ☐ Stir Paddle Accessory, 1 Liter Hopper 86587
