Ozark River™
Portable Sinks

Lil Step
Booster Step

AC-01-STP

Holds over 300 lbs. Our popular booster step features slip resistant rubber feet and slip resistant safety strips. A perfect solution to help with compliance to 2 and 3 year old hand washing code requirements. Made of Phthalate and lead free melamine. Assembled.

EZ-FLOW
Infrared Faucet Sensor

AC-02-FLW

Hands-free portable sink operation. Infrared faucet sensor saves up to 70% water usage and stops the spread of germs and bacteria caused from surface touching. Install sensor directly onto faucet. Manual override allows user to disengage sensor when needed.

"AAA" batteries not included.

EZ-FILL-n-Roll
Tank Dolly Cart and Fill Tube

AC-03-RLL

Less effort is required when moving portable sink water tanks with our EZ-Fill-N-Roll Kit. Fill tube features versatile rubber adapter to fit over most faucets. Easy-to-roll tank dolly, with non-skid strips, nests with our sinks for easier tank placement.

EZ-Glove
Booster Step

AC-07-GLV

Durable, coated wire glove box holder can be installed onto our Ozark River Portable Sinks, or onto other surfaces including walls.

Fits glove boxes 9.75"W x 5.25"D x 3.25"H. Holds 1- box horizontal and 2- boxes vertical.

5 Gallon Tank
Fresh Water Tank

AC-05-TNK

Our five gallon Fresh Water Tank is included in every one of our portable hand-washing stations. They are also sold as an accessory to assist with complying to licensing requirements.

Meets UN and applicable FDA regulations.
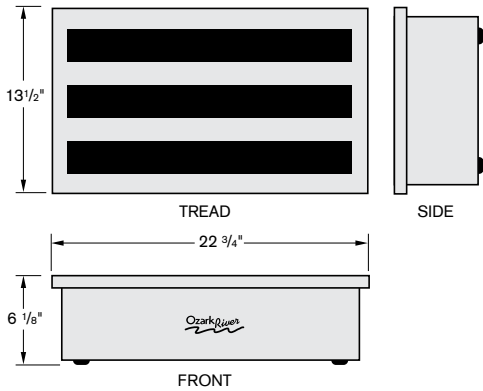

6 Gallon Tank
**Waste Water Tank**

AC-06-TNK

Our six gallon Waste Water tTank is included in every one of our portable hand-washing stations. They are also sold as an accessory to assist with complying to licensing requirements.

Meets UN and applicable FDA regulations.
