FBC SERIES

DEEP WELL HORIZONTAL BOTTLE COOLERS

SPECIFICATIONS

Construction: Heavy duty stainless steel top, 18 gauge. Vinyl black on front, sides and back. "S" models have stainless steel front and sides, galvanized back. Interior constructed of heavy duty galvanized steel walls with coved corner galvanized steel floor.

Lids are comprised of a heavy duty stainless steel with lid locks. Door openings have a plastic breaker strips to retard condensate formation.

Unit comes complete with a 1-1/2" CFC-Free polyurethane insulation, foamed in place. Adjustable epoxy coated dividers provided per section standard.

Refrigeration system: Self contained capillary tube system using environmentally friendly (CFC Free) R-134a refrigerant. Front breathing compressor on right side for built-in applications.

Epoxy coated evaporator coil is mounted to interior top panel. Large fan motor and fan blades for greater air flow. Hot gas condensate evaporator located in the compressor housing.

Access for the condensing unit behind the front grill, slides out for easy cleaning and maintenance.

Cabinets are designed to maintain temperatures between 33° F to 38° F in the interior cabinet.

Lights: Interior fluorescent light.

Others: Unit is supplied standard with a 8' cord and plug (Nema 5-15p).

Warranty: One year labor and parts warranty. 5 year compressor warranty (Continental U.S.A. & Canada only).

Accessories:

- ☐ 3" castors, set of 4
- ☐ 6" legs, set of 4
- ☐ Additional dividers
- ☐ 220 volts / 50 cycles / 1 phase
